**Re: Reconsideration of Coding Verification Decision**

**Xref #:** 13768521

**Product:** SHOULDER CRADLE

**Model number:** 1001

Dear Dr. Cohen:

We reviewed your request for a reconsideration of our coding verification decision for the above listed product. It is our determination that the Medicare Healthcare Common Procedural Coding System (HCPCS) code to use to bill the four Durable Medical Equipment Medicare Administrative Contractors (DME MACs) is:

L3960 - SHOULDER ELBOW WRIST HAND ORTHOSIS, ABDUCTION  
POSITIONING, AIRPLANE DESIGN, PREFABRICATED, INCLUDES FITTING  
AND ADJUSTMENT

This decision applies to the application that we received on January 21, 2011. If information submitted in that application has changed or were to change, it could impact our decision. Therefore, a new application would need to be submitted for HCPCS coding verification review.

The assignment of a HCPCS code to this product is not an approval or endorsement of the product by Medicare or Noridian Administrative Services, LLC; nor does it imply or guarantee claim reimbursement or coverage.

If you have questions about claim coverage or reimbursement, please contact the DME MAC for your jurisdiction. For other questions, contact the Pricing, Data Analysis, and Coding (PDAC) Contact Center at the address listed above or by telephone at (877) 735-1326. The Contact Center is open Monday through Friday from 8:30 a.m. to 4 p.m. CT.
